Course Description

Communication for the Information Age focuses on improving students' oral, written, and visual communication skills so they can effectively form and translate technical information in ways that are easily understood by public audiences. In this course, students will both analyze and create materials designed to inform and persuade professionals in fields related to information communication technology. Students will also work individually and in groups to research, create, and present an argument focused on improving the communication of technical information. They will explore issues that align with their professional interests and produce products that use multiple methods (oral, written, or digital) to make an argument. A significant component of the class will involve learning to use visual and digital resources to enhance written and oral presentations. Prerequisite ICT 114, CIS 110/WRD 110, or equivalent.

Course Prerequisite Knowledge and Skill Expectations

This class is part of a two-course sequence. You will need to have the fundamental competencies from ICT 114, CIS 110/WRD 110, or the equivalent in order to be successful.

- You are expected to be proficient with the following skills upon entering ICT 115:
- Compose written texts and deliver oral presentations that represent relevant and informed points of view appropriate for the audience, purpose, and occasion
- Analyze, create, and use visual media as both independent and interconnected forms of communication
- Demonstrate an awareness of appropriate strategies used to communicate effectively in different situations (e.g. public speaking, interpersonal) and contexts (e.g. face-to-face, digital).
- Work with design elements (font, size, line, color) to successfully incorporate design principles (contrast, alignment, repetition, and proximity) as part of effective composition
- Employ research skills to find, analyze, evaluate, and properly cite pertinent primary and secondary sources using relevant discovery tools (e.g. InfoKat, Library Databases, Google) as part of the process of composing work in written, oral, and visual modes
- Organize, revise, practice, edit, and proofread (for grammar and mechanics) your own and other student work flexibly and effectively to improve the development and clarity of ideas
- Define goals for improving/revising work, and devise effective plans for achieving those goals, in collaboration with peers, instructor, and librarians
- Employ and evaluate interpersonal communication skills

Student Learning Outcomes

By end of this course, students should be able to:

* (1): Indirect measures of assessment

* (2): Direct measures of assessment

Below is a brief description of each assignment in ICT 115. More detailed information and grading rubrics are provided in Canvas. Assignments will be discussed in class as they become relevant:

[Weeks 1/2: Video Introduction \(15 points for your personal video / 15 points for responses\)](#)

You will prepare a brief 1-2 minute video introduction of yourself as an unlisted video on YouTube, and post the link to it on the Discussion Board on Canvas. All videos should include name, major, year in school, and at least one fun fact about you. This will help your instructor and your fellow students get to know you. Then, comment on at least *two* other students’ videos before the date listed on the module in Canvas.

[Week 4: Speech Analysis \(50 points\)](#)

Dissecting an argument is one of the key skills you need to know how to craft a good argument. View one of the speeches focused on communication technology from the list your instructor gives you and analyze the speaker’s argument using the rhetorical devices ethos, pathos, and logos. You will explain what devices the speaker used and whether they were effective in persuading you. You will also explain what you might do to improve the argument. The paper will be 2-3 pages, include at least 1 cited image, and must cite the video and any other materials you used in your analysis. This paper will be written in APA format and will be submitted on Canvas.

[Week 5/6: Annotated Bibliography \(draft 15 points, final 50 points\)](#)

Gathering and evaluating sources is essential for creating quality products. To do this, you will create an annotated bibliography to help you with your recommendation report and technical manual. The information you collect should be related to a technical issue you’re interested in, such as security management or web design.

The annotated bibliography assignment asks you to provide annotations for 5 credible sources. These annotations will include:

- An APA citation for the source
- A sentence summary of the source
- A sentence about the credibility of the source
- A sentence explaining how you plan to use the source in your paper or manual

Week 8/9: Recommendation Report (draft 15 points, final 200 points)

Based on the topic you chose to research for your annotated bibliography, write a paper recommending a policy to a related company. For instance, if your annotated bibliography focused on website security issues, you might recommend a specific security system to an existing company. You will address at least one opposing argument, using evidence and reasoning to support your claims. Your paper must be 1000 words (TNR, 12-point font, 1" margins, not including cover page, abstract, or references) and integrate at least 8 relevant and credible external sources as well as two images to support your ideas. It must be typed according to proper APA style and written for a global audience. You will turn in a first draft as well as a final draft of this assignment.

Weeks 4/13: Impromptu Speech (20 points)

In preparation for the final speeches, you will be given a topic when you come to class and after a few minutes to prepare, will present a 1-2 minute impromptu speech to the class. Please be mindful that there will be no opportunities to make up your impromptu speeches, so it is imperative that you contact your instructor in advance if you must miss class.

Week 11: Group Contract (10 points)

Knowing how to be effective in group projects is an essential skill. Your group will therefore first write a contract describing what each member is responsible for, a timeline of due dates, and repercussions if a team member's work is not completed on time.

Week 12: Oral Pitch Video (30 points)

Find a local organization or company's website, and using the principles discussed in class and in your textbook, record a 2-3 minute speech trying to convince your teammates that your group project should be about your selected organization (see Written Design Proposal description below). Essentially, convince your group members to focus on the webpage to redesign for a final product. Record it as an unlisted speech in YouTube and post the link on your group's Discussion Board on Canvas.

Weeks 12/13/14: Progress Reports (60 points)

As part of the DP/WP project, you will be asked to complete three different progress reports to ensure that the group is making adequate progress towards the final presentation. The progress reports will help me better understand how the group is functioning as well as any issues that may be complicating the group's ability to move forward. All group progress reports will be completed and submitted via Canvas.

Week 15/16: Written Design Proposal (draft 15 points, final 100 points)

You will be placed in teams and need to convince the class how to improve a local organization's website (i.e., one that a group member presented in the oral pitch video assignment). As a group, you must address: (1) the design and organization of the site, (2) how you will manage and ensure the site is secure, and (3) an estimated cost of the redesign in a paper that is no more than 1500 words of text and has at least 6 images. The website redesign you propose needs to have at least one main page and four sub-pages. As a team, you will write out your proposal before presenting your work to the class through your digital pitch. The presentation will show us your thought process and why you made the decisions you did.

Week 15/16: Digital Pitch and Presentation (draft 15 points, final 150 points)

As a group, you will present your written design proposal to the class using two combined elements: 1) an oral presentation at least 10 minutes in length and 2) a screencast at least 5 minutes in length. Together, the presentation should be at least 15 minutes long including both the oral and video components. The presentation will highlight elements of your written design proposal as if you were presenting it to the organization. You might consider using positive or negative visualization to highlight why the current structure is flawed or illustrate why your changes will be helpful. Each group member must speak during the screencast and the oral presentation. You will first create a script for this proposal and submit it for peer review. Your final materials will consist of the screencast, the presentation, and a group presentation outline. See Canvas for extended details.

Week 16: Group Dynamics Grade (30 points)

You will be working with one group for a major project in the course. Therefore, at the end of the semester, you will be asked to provide a group dynamics assessment of each group member and yourself. The grade will be calculated based on how well you worked with your group based on both their assessment and my evaluation.

Week 16: Final Reflective Video Speech (30 points)

Your final assignment is to provide some advice to incoming students. What was your favorite part of the course? What was the biggest challenge? What can they do to be particularly successful? What are the “big picture” lessons you’ll take with you as you go through the rest of your college career? This final reflective speech should be 2-3 minutes and may be shared with future students.

Attendance (100 points)

Each class period, you will be asked to do a short “warm-up” writing or speaking assignment during the first 5 minutes of class. If you come after the first 5 minutes of class, you will not receive your attendance points for the day. These assignments will not be formally graded; rather, you will be awarded points for completion. Attendance points will be recorded in Canvas at least every two weeks so you may monitor your attendance progress.

Required Research Credits

The College of Communication and Information is committed to providing students a broad and comprehensive education. Students in these classes are provided the option to participate in research studies or alternative assignments in order to earn two credit points, which is equal to 40 points towards the total points in the class (4% of your grade). Each study listed within the CI SONA will have an allotted time requirement and credit(s) to earn when study is complete. CI SONA will have an allotted time requirement and credit(s) to earn when study is complete. If you are enrolled in two or more CI SONA courses, you will not be required to complete more than the two credits needed for any CI SONA class. Instead, the CI SONA pool administrator will provide you with “complimentary credits” that you can use to apply to the additional classes. Note: The CI SONA administrator will provide students with these credits by midterm.

Students are responsible for using these additional credits to apply to their classes. You will need to log-in to CI SONA and assign these credits to specific classes, but no additional communication with the instructor is needed, as the “complimentary credits” will appear just as another credit. In the event that you do not see the additional credits by mid-term, please email CISONAHelp@uky.edu for assistance.

During the first week of the semester, you will receive an email from the CI SONA system CISONAHelp@uky.edu letting you know the system is open. This will be sent to your official University of Kentucky email address. Please note: It is your responsibility to ensure you are receiving and reading any emails sent to your official UK email address. Using your LinkBlue ID, you can login to view detailed information about available research studies and sign up at ci.uky.edu/sona.

Alternatives to Research Studies

Participation is voluntary for research studies, thus, there are alternative options in order to earn credit. Additionally, if you are 17 years of age or younger, you will not be able to participate in the research studies. In these cases, research Alternative Assignments will be listed along with actual studies on the CI SONA website. These alternative assignments usually consist of reading an article or webpage and summarizing the contents. Research alternatives are to be completed through the CI SONA website. Please note: The alternative assignment is a writing assignment. Students may not be awarded credit if they fail to follow directions (i.e., do not meet word length requirement, use fillers to meet word count or plagiarize content from another person or the Internet).

Earning Credits

After completing each study, you will either see a completion page on the CI SONA website or the researcher will thank you for your time. Your credit will be granted by the researcher either automatically or within 7 days. Please make sure to confirm that credit has been awarded by logging in to your CI SONA account. At the end of the semester, your instructor will be able to view the number of credits you have earned. Note: Your instructor will not know specifically which studies you participated in to earn credit. If you have questions about credits earned, contact the researcher directly.

Need Help?

If you have questions about how to use the CI SONA website or are having issues logging on, please contact CISONAHelp@uky.edu. If you have questions about a particular study or if you have questions about the research, please contact the researcher for the specific study about which you are inquiring. This information will be listed in the study description on the CI SONA website.

Other Small Assignments (10 points)

You will have many opportunities to show your engagement with the class and the course materials. For instance, you may have questions in the discussion board, tasks to be completed before class, and other in-class and out-of-class assignments based on what is discussed in class.

Submission of Assignments

All written assignments (first/rough and final drafts) **MUST** be submitted in a .doc, .docx, or .pdf format to Canvas. Files from Pages are not accepted (you can save as a .doc or .pdf from Pages instead). If you have submitted correctly, you will see a screen that confirms your submission and you can check the gradebook to see that the assignment has been submitted.

*Note: Emailed assignments will NOT be accepted under any circumstances. All assignments must be submitted through Canvas.

Late Assignments

All assignments are due at the time indicated in the class schedule or on Canvas. Late assignments will receive a score of 60% (the minimum to pass the assignment). Assignments more than 7 days late will receive a 0. You are expected to devote enough time out of every day to working on this class and to stay on top of the content, assignments, and deadlines. If you encounter problems, please let me know right away. Like most instructors, I am more understanding if you keep me informed.

Grading and Grading Scale

Percentage	Total Points	Final Grade
90-100%	1000-900	A
80-89%	899-800	B

I operate with the 24/7 rule. This means that, once you receive a graded assignment back, you must wait at least 24 hours to come and discuss it with me. I am more than happy to discuss grades with you, but I ask that you take the time to thoroughly review the feedback provided beforehand and

70-79%	799-700	C
60-69%	699-600	D
59% and below	599-0	E

carefully compare your work with the assignment requirements and grading rubric. You must also come and talk to me within one week (7 days) of receiving the grade. Once that one-week period has passed, the grade will not be changed under any circumstances. Please note: when you come to discuss a grade, make sure you have prepared a thoughtful justification for why you deserve a different grade than you received.

Please NOTE: I absolutely **CANNOT** legally discuss grades via email or Canvas. If you have questions or issues related to a grade, you **MUST** set up a virtual meeting with me or visit office hours.

Once you have totaled all your major and minor assignments (listed above), compare your total points to the table above to determine your final grade in ICT 115.

Final Exam Information

Although there is no actual final exam in this course, we reserve the right to use this time if needed (e.g., in the case of major weather events that put us way behind during the semester).

Course Policies and Classroom Expectations

Mask Policy

All individuals, regardless of vaccination status, must wear masks in indoor spaces on campus where people gather — including, but not limited to, classrooms, the Gatton Student Center, shared office spaces, recreational facilities, hallways and common spaces like the lobby of a residence hall. If UK-approved masks are not worn over the nose and mouth, students will be asked to leave the classroom and may be reported to the Office of Student Conduct. Visit the [Spring 2022 Guidebook](#) for more information about all campus policies. *If you read this, bring a notecard with your name on it to the first day of class to receive +2 points extra credit.*

Attendance and Participation

This class is a community whose success is dependent on everyone's participation. Also, there is a strong correlation between class attendance and grades. Therefore, attendance is vital for your achievement.

Attendance is worth **100 points** during the semester. Attendance points will be recorded in Canvas at least every two weeks so you may monitor your attendance progress. If you are absent on a day when an assignment is due or a quiz is given, you will be allowed to submit or make-up that work **only** if the absence is **officially excused**. You will be asked to provide official written documentation for excused absences the class period that you return to class. If you do not turn in the written documentation on time, the absence will be counted as unexcused. Please see the definition of excused absences in the next section.

If you know ahead of time that you will be absent from class without an excused absence, please discuss this with your instructor and turn in any assignments ahead of time. Excuses for university-sponsored activities must be made prior to such absences. No make-up work is available for in-class exercises, workshops, or quizzes **unless approved in advance by your instructor**.

If a student needs to isolate or self-quarantine due to COVID, they should contact UK Health Corps at healthcorps@uky.edu or 859-218-SAFE for additional guidance and wellness support. Your instructor can confirm if you are working with UK Health Corps and mark your absence(s) as excused.

In order to meet federal regulations, the instructor will monitor student participation in this class through attendance or assignments. Students who miss class periods or assignments during the first two weeks of the semester may be dropped from the course. If you will be missing a class period or will not be submitting some assignment during that period, it is your responsibility to notify the instructor, even if the absence or missed assignment is not excused under university rules.

Note: Students are **required** to attend class whenever any student is scheduled to speak. If you miss class on a speaking day, points will be deducted from your course grade total as follows: MWF classes: 5 points each day missed.

Note: Please reference the definition of excused absence in current edition of *Students Rights and Responsibilities* or on the web at <http://www.uky.edu/StudentAffairs/Code/>.

For any emergency situation that arises, **e-mail your instructor as soon as you know about the situation**.

Excused Absences (Senate Rules 5.2.4.2)

Senate Rules 5.2.4.2 defines the following as acceptable reasons for excused absences: (a) significant illness, (b) death of a family member, (c) trips for members of student organizations sponsored by an educational unit, trips for University classes, and trips for participation in intercollegiate athletic events, (d) major religious holidays, (e) interviews for graduate/professional school or full-time employment post-graduation, and (f) other circumstances found to fit "reasonable cause for nonattendance" by the instructor of record. **Students should notify the professor of absences prior to class when possible.** For any emergency situation that arises that might prevent you from accessing assignments, contact your instructor as soon as you know about the situation.

Verification of Absences (Senate Rules 5.2.4.2)

Students may be asked to verify their absences in order for them to be considered excused. *Senate Rule 5.2.4.2* states that faculty have the right to request appropriate verification when students claim an excused absence due to: significant illness; death in the household, trips for classes, trips sponsored by an educational unit and trips for participation related to intercollegiate athletic events; and interviews for full-time job opportunities after graduation and interviews for graduate and professional school.

(Appropriate notification of absences due to University-related trips is required prior to the absence when feasible and in no case more than one week after the absence.)

Religious Observances (Senates Rules 5.2.4.2.1.4)

Students anticipating an absence for a major religious holiday are responsible for notifying the instructor in writing of anticipated absences due to their observance of such holidays. Please check the course syllabus for the notification requirement. If no requirement is specified, two weeks prior to the absence is reasonable and should not be given any later. Information regarding major religious holidays may be obtained through [the Ombud's website](#) or calling 859-257-3737.

Make-Up Work (Senate Rule 5.2.4.2.2)

Students missing any graded work due to an excused absence are responsible: for informing the Instructor of Record about their excused absence within one week following the period of the excused absence (except where prior notification is required); and for making up the missed work. The instructor must give the student an opportunity to make up the work and/or the exams missed due to the excused absence, and shall do so, if feasible, during the semester in which the absence occurred. The instructor shall provide the student with an opportunity to make up the graded work and may not simply calculate the student's grade on the basis of the other course requirements, unless the student agrees in writing.

Excused Absences Due to Military Duties (Senate Rule 5.2.4.2.3.1)

We recognize the complexities of being a member of the military community and also a student. If you are a member of the military or a military veteran or dependent, please inform your instructor if you are in need of special accommodations. Drill schedules, calls to active duty, mandatory training exercises, complications with GI Bill disbursement, and other unforeseen military and veteran related developments can complicate your academic life. If you are aware of a complication, we will work with you and put you in contact with University staff members who are trained to assist you. Please contact the Coordinator of the University of Kentucky Veterans Resource Center at 859-257-1148 for additional assistance. Visit <http://www.uky.edu/veterans> for more available resources.

If a student must be absent for one-fifth or less of the required course interactions (e.g., class meetings) due to military duties, the following procedure apply:

1. Once a student is aware of a call to duty, the student shall provide a copy of the military orders to the Director of the Veterans Resource Center. The student shall also provide the Director with a list of her/his courses and instructors.
2. The Director will verify the orders with the appropriate military authority and on behalf of the military student, notify each Instructor of Record via Department Letterhead as to the known extent of the absence.
3. The Instructor of Record shall not penalize the student's absence in any way and shall provide accommodations and timeframes so that the student can make up missed assignments, quizzes, and tests in a mutually agreed upon manner.

Academic Integrity - Prohibition on Plagiarism (Senate Rules 6.3.1)

Per University policy, students shall not plagiarize, cheat, or falsify or misuse academic records. Students are expected to adhere to University policy on cheating and plagiarism in all courses. The minimum penalty for a first offense is a zero on the assignment on which the offense occurred. If the offense is considered severe or the student has other academic offenses on their record, more serious penalties, up to suspension from the University may be imposed.

Plagiarism and cheating are serious breaches of academic conduct. Each student is advised to become familiar with the various forms of academic dishonesty as explained in the Code of Student Rights and Responsibilities. Complete information can be found at the following website:

<http://www.uky.edu/Ombud>. A plea of ignorance is not acceptable as a defense against the charge of academic dishonesty. It is important that you review this information as all ideas borrowed from others need to be properly credited.

Senate Rules 6.3.1 (see <http://www.uky.edu/Faculty/Senate/> for the current set of *Senate Rules*) states that all academic work, written or otherwise, submitted by students to their instructors or other academic supervisors, is expected to be the result of their own thought, research, or self-expression. In cases where students feel unsure about a question of plagiarism involving their work, they are obliged to consult their instructors on the matter before submission.

When students submit work purporting to be their own, but which in any way borrows ideas, organization, wording, or content from another source without appropriate acknowledgment of the fact, the students are guilty of plagiarism.

Plagiarism includes reproducing someone else's work (including, but not limited to a published article, a book, a website, computer code, or a paper from a friend) without clear attribution. Plagiarism also includes the practice of employing or allowing another person to alter or revise the work which a student submits as his/her own, whoever that other person may be, except under specific circumstances (e.g. Writing Center review or peer review) allowed by the Instructor of Record or that person's designee. Plagiarism may also include double submission, self-plagiarism, or unauthorized resubmission of one's own work, as defined by the instructor.

Students may discuss assignments among themselves or with an instructor or tutor, except where prohibited by the Instructor of Record (e.g. individual take-home exams). However, the actual work must be done by the student, and the student alone, unless collaboration is allowed by the Instructor of Record (e.g. group projects).

When a student's assignment involves research in outside sources or information, the student must carefully acknowledge exactly what, where and how he/she has employed them. If the words of someone else are used, the student must put quotation marks around the passage in question and add an appropriate indication of its origin. Making simple changes while leaving the organization, content, and phraseology intact is plagiaristic. However, nothing in these Rules shall apply to those ideas, which are so generally and freely circulated as to be a part of the public domain.

Note: Any assignment you turn in may be submitted to an electronic database to check for plagiarism.

[Academic Integrity - Prohibition on Cheating \(Senate Rules 6.3.2\)](#)

Cheating is defined by its general usage. It includes, but is not limited to, the wrongfully giving, taking, or presenting any information or material by a student with the intent of aiding himself/herself or another on any academic work which is considered in any way in the determination of the final grade. The fact that a student could not have benefited from an action is not by itself proof that the action does not constitute cheating. Any question of definition shall be referred to the University Appeals Board.

[Academic Integrity - Prohibition on Falsification/Misuse of Academic Records \(SR 6.3.3\)](#)

Maintaining the integrity, accuracy, and appropriate privacy of student academic records is an essential administrative function of the University and a basic protection of all students. Accordingly, the actual or attempted falsification, theft, misrepresentation or other alteration or misuse of any official academic record of the University, specifically including knowingly having unauthorized access to such records or the unauthorized disclosure of information contained in such records, is a serious academic offense. As used in this context, "academic record" includes all paper and electronic versions of the partial or complete permanent academic record, all official and unofficial academic transcripts, application documents and admission credentials, and all academic record transaction documents. The minimum

sanction for falsification, including the omission of information, or attempted falsification or other misuse of academic records as described in this section is suspension for one semester.

Prep Week and Reading Days

Per Senate Rules 5.2.5.6, the last week of instruction of a regular semester is termed "Prep Week." This phrase also refers to the last three days of instruction of the summer session and winter intersession. The Prep Week rule applies to ALL courses taught in the fall semester, spring semester, and summer session, including those taught by distance learning or in a format that has been compressed into less than one semester or session. This rule does not apply to courses in professional programs in colleges that have University Senate approval to have their own calendar.

Make-up exams and quizzes are allowed during Prep Week. In cases of "Take Home" final examinations, students shall not be required to return the completed examination before the regularly scheduled examination period for that course. No written examinations, including final examinations, may be scheduled during the Prep Week. No quizzes may be given during Prep Week. No project/lab practicals/paper/presentation deadlines or oral/listening examinations may fall during the Prep Week unless it was scheduled in the syllabus AND the course has no final examination (or assignment that acts as a final examination) scheduled during finals week. (A course with a lab component may schedule the lab practical of the course during Prep Week if the lab portion does not also require a Final Examination during finals week.) Class participation and attendance grades are permitted during Prep Week. The Senate Rules permit continuing into Prep Week regularly assigned graded homework that was announced in the class syllabus.

For fall and spring semester, the Thursday and Friday of Prep Week are study days (i.e. "Reading Days"). There cannot be any required "interactions" on a Reading Day. "Interactions" include participation in an in-class or online discussion, attendance at a guest lecture, or uploading an assignment. See Senate Rules 9.1 for a more complete description of required interactions.

Accommodations Due to Disability

If you have a documented disability that requires academic accommodations, please see me as soon as possible during scheduled office hours. In order to receive accommodations in this course, you must provide me with a Letter of Accommodation from the Disability Resource Center (DRC). The DRC coordinates campus disability services available to students with disabilities. Visit the [DRC website](#), [email the DRC](#), contact them by phone at (859) 257-2754, or visit their office on the corner of Rose Street and Huguelet Drive in the Multidisciplinary Science Building, Suite 407.

Non-Discrimination Statement and Title IX Information

UK is committed to providing a safe learning, living, and working environment for all members of the University community. The University maintains a comprehensive program which protects all members from discrimination, harassment, and sexual misconduct. For complete information about UK's prohibition on discrimination and harassment on aspects such as race, color, ethnic origin, national origin, creed, religion, political belief, sex, and sexual orientation, please see [the electronic version of UK's Administrative Regulation 6:1 \("Policy on Discrimination and Harassment"\)](#). In accordance with Title IX of the Education Amendments of 1972, the University prohibits discrimination and harassment on the basis of sex in academics, employment, and all of its programs and activities. Sexual misconduct is a form of sexual harassment in which one act is severe enough to create a hostile environment based on sex and is prohibited between members of the University community and shall not be tolerated. For more details, please see [the electronic version of Administrative Regulations 6:2 \("Policy and Procedures for Addressing and Resolving Allegations of Sexual Assault, Stalking, Dating Violence, Domestic Violence, and Sexual Exploitation"\)](#). Complaints regarding violations of University policies on discrimination, harassment, and sexual misconduct are handled by the Office of Institutional Equity and Equal Opportunity (IEEO), which

is located in 13 Main Building and can be reached by phone at (859) 257-8927. You can also visit [the IEEO's website](#).

Faculty members are obligated to forward any report made by a student related to IEEO matters to the Office of Institutional Equity and Equal Opportunity. Students can *confidentially* report alleged incidences through the Violence Intervention and Prevention Center, Counseling Center, or University Health Services.

[Statement on Diversity, Equity, and Inclusion \(DEI\)](#)

The University of Kentucky is committed to our core values of diversity and inclusion, mutual respect and human dignity, and a sense of community ([Governing Regulations XIV](#)). We acknowledge and respect the seen and unseen diverse identities and experiences of all members of the university community (<https://www.uky.edu/regs/gr14>). These identities include but are not limited to those based on race, ethnicity, gender identity and expressions, ideas and perspectives, religious and cultural beliefs, sexual orientation, national origin, age, ability, and socioeconomic status. We are committed to equity and justice and providing a learning and engaging community in which every member is engaged, heard, and valued.

We strive to rectify and change behavior that is inconsistent with our principles and commitment to creating a safe, equitable, and anti-racist environment. If students encounter such behavior in a course, they are encouraged to speak with the instructor of record or the [college's diversity officer](#), who is charged with addressing concerns about diversity, equity, and inclusiveness (uky.edu/inclusiveexcellence/college-diversity-inclusion-officers). Students may also contact a faculty member within the department, program director, the director of undergraduate or graduate studies, the department chair, or the dean. To submit an official report of bias, hatred, racism, or identity-based violence, visit the Bias Incident Support Services [website](#).

[Incompletes](#)

Because of the in-class speaking assignments, the necessity of class discussion and the amount of group work in ICT 115, it is my policy NOT to grant incompletes (I). If you find circumstances are such that you are falling behind, you may want to consider withdrawing (W) from the class. I do suggest that you meet with me to discuss your options.

Classroom Behavior Policies

[Being a Respectful Audience Member](#)

We are a support system for each other because public speaking can be a scary proposition. **Therefore, attend all presentations, whether you are speaking or not.** Second, be courteous and attentive. I expect you to conduct yourselves responsibly and with professional courtesy. Professional courtesy includes respecting others' opinions, not interrupting in class, being respectful to those who are speaking, and working together in a spirit of cooperation. You should always demonstrate these behaviors in this class. I expect that my students remain professional when discussing controversial ideas and remember that debate is an academic process, not an opportunity for personal attacks. I will not hesitate to remove you from class if necessary. Third, during presentations, remove all objects (phones, computers, speaking notes, etc.) that might distract you. I take this policy quite seriously. I reserve the right to reduce a disrespectful audience member's grade if I observe egregious offenses (typically 5 points). Failure to adhere to these policies will result in the audience member being marked absent and experiencing the resulting consequences.

Responsible Technology Use: E-mail

Throughout the semester, you will receive e-mails from me with updates and reminders. You are expected to **regularly check your official UKY e-mail address** – if information is sent to you via email and you do not read it in time to adjust accordingly, this is not my fault.

Email is also the best and preferred way to reach me, and I will be checking it frequently throughout the business day (i.e., Monday-Friday 8:00am-5:00pm). I will not be on email 24/7 and will not expect you to be, either! **Please send all email correspondence to the email address provided above and put ICT 114 and your section number in the subject line each time.**

Furthermore, practice good mechanics when writing emails! Writing emails to your friends/family can be informal, but when you start writing emails to your instructors, professors, and potential employers, they should be well-written with as few mistakes as possible. All emails should include an appropriate greeting (e.g., “Hello, Dr. Frey,”), a message including full sentences, professional language, correct spelling, grammar, and capitalization, and an appropriate closing. If your email does not include these components, I may choose not to respond. Typically, I will respond to email within 24 hours, although response time may vary. I appreciate strong email etiquette.

Responsible Technology Use: Cell Phones/Laptops/Tablets

Learning requires focus. Therefore, cell phones/laptops/tablets should **only be used for instructional purposes during class**. Use of any devices during class (texting, social media, internet use, gaming, etc.) for noninstructional purposes could lead to deductions in attendance points (i.e., counted as tardy, absent). Inappropriate media use also increases your chances of being called on and pulled back into the class discussion. If it continues, I will ask you to leave.

However, cell phones or laptops may be left on vibrate for **emergency notification purposes**. If you expect an important phone call, please inform me before class and quietly excuse yourself when you receive it. Additionally, there are a variety of reasons you will be permitted to use cell phones or laptops for learning purposes during class. You are encouraged to use these devices for note taking purposes during class. Additionally, cell phones may be used to record lectures and take pictures of course content. Finally, feel free to use your cell phone to look up pertinent information that relates to class content during lectures or activities on social media or the internet. I am confident that you can use discernment to use cell phones in a nondistracting, productive way during class.

Extra Credit

I may identify extra credit opportunities during the course of the semester that will augment what we’re doing in class. Extra credit is not guaranteed and the maximum number of points that you may receive is 10. If extra credit is offered, it will be announced in class and/or posted on Canvas.

Canvas

Please become familiar with Canvas, as we will be using it frequently throughout the semester. Important announcements and updates will be distributed through our course site, and most of your assignments will be submitted through Canvas as well. Make sure you **check Canvas daily** for any course updates or important announcements.

Things happen over the course of a semester, which means that the daily schedule may change during the semester. You will be responsible for checking the online syllabus and schedule before beginning your homework for each of our class meetings for any changes or updates. I will post all assignments on Canvas. If you lose an assignment page or handout, you are expected to get a copy from Canvas rather than from me.

[Office of LGBTQ* Resources](#)

UK is committed to supporting students and upholding the University's efforts to promote inclusion among our community. UK faculty and staff employees support inclusion and diversity throughout the University, including the ways in which faculty structure classroom conversations and manage those dynamics. To assist in these efforts, students are welcome to provide the names and pronouns they prefer. One easy way to do this is by using the pronoun feature of UK's Name Change Form. (More information about the form can be found on the [Office of LGBTQ*'s website](#).) Otherwise, students can provide this information to faculty members directly.

Discrimination based on sexual orientation, gender expression, and gender identity is prohibited at UK. If you have questions about support, advocacy, and community-building services related to sexual orientation, gender expression, or gender identity, students are encouraged to visit the [website of the Office of LGBTQ* Resources](#).

[Violence Intervention and Prevention \(VIP\) Center](#)

If you experience an incident of sex- or gender-based discrimination or interpersonal violence, we encourage you to report it. While you may talk to a faculty member or TA/RA/GA, understand that as a "Responsible Employee" of the University these individuals MUST report any acts of violence (including verbal bullying and sexual harassment) to the University's Title IX Coordinator in the IEEO Office. If you

would like to speak with someone who may be able to afford you confidentiality, you can visit the [*Violence Intervention and Prevention \(VIP\) Center's website*](#) (offices located in Frazee Hall, lower level; [*email them*](#); or call (859) 257-3574), [*the Counseling Center's \(CC\) website*](#) (106 Frazee Hall; (859)), and the [*University Health Services \(UHS\) website*](#); the VIP Center, CC, and UHS are confidential resources on campus. **The VIP Center accepts walk-in appointments.**
